Carry-On Baggage Allowances

Everyone, regardless of your Fare Option, is allowed to carry on one personal item for free.

To take a larger carry-on bag, you always pay our lowest fees at the time of purchase on [FlyFrontier.com](#)!

Frontier offers two Fare Options that give you the ability to purchase travel that includes the amenities you need or want. Classic Plus fares include one carry-on bag and one personal item. Economy fares must pay a fee to take a carry-on bag on all domestic and international itineraries. This fee varies based on the point of purchase and is waived for Ascent and Summit level members of *EarlyReturns*.

Read below to learn more about Carry-On Bag and Personal Item requirements. We also allow all passengers to carry Exempted Items on our flights for free that do not count toward the carry-on allowance.

TSA Carry-On Regulations

We're bound by some legal rules regarding carry-on bags. As stated by the Transportation Security Administration (TSA), "Prohibited items are weapons, explosives, incendiaries, and include items that

are seemingly harmless but may be used as weapons — the so-called 'dual use' items. You may not bring these items to security checkpoints without authorization."

Review a list provided by the TSA of permitted and prohibited items which may be included in carry-on baggage.

Review the 3-1-1 Liquids Rule.
